Relatório de Reservas Efetuadas

Data Reserva	Plano	Token	Situação
02/02/15	Plano 50 min.	2015-XXXX	Cancelada
07/03/15	Plano 200 min.	2015-XXXX	Utilizada
09/06/15	Plano 100 min.	2015-XXXX	Reservado

Getting to know the new toolbar

Notes

1. Switch between mockups, assets, symbols and trash

- Mockups: Also known as wireframes (this is an example)
- Assets: View imported images
- Symbols: Reusable components, also called templates or masters
- Trash Bin: Deleted mockups go here

2. Toggle the Navigator panel

- Click to hide the left panel. Additional icons will appear to navigate between mockups.

3. Switch to Grid view

- View an overview of your mockups and rearrange them easily.

4. Create a new mockup

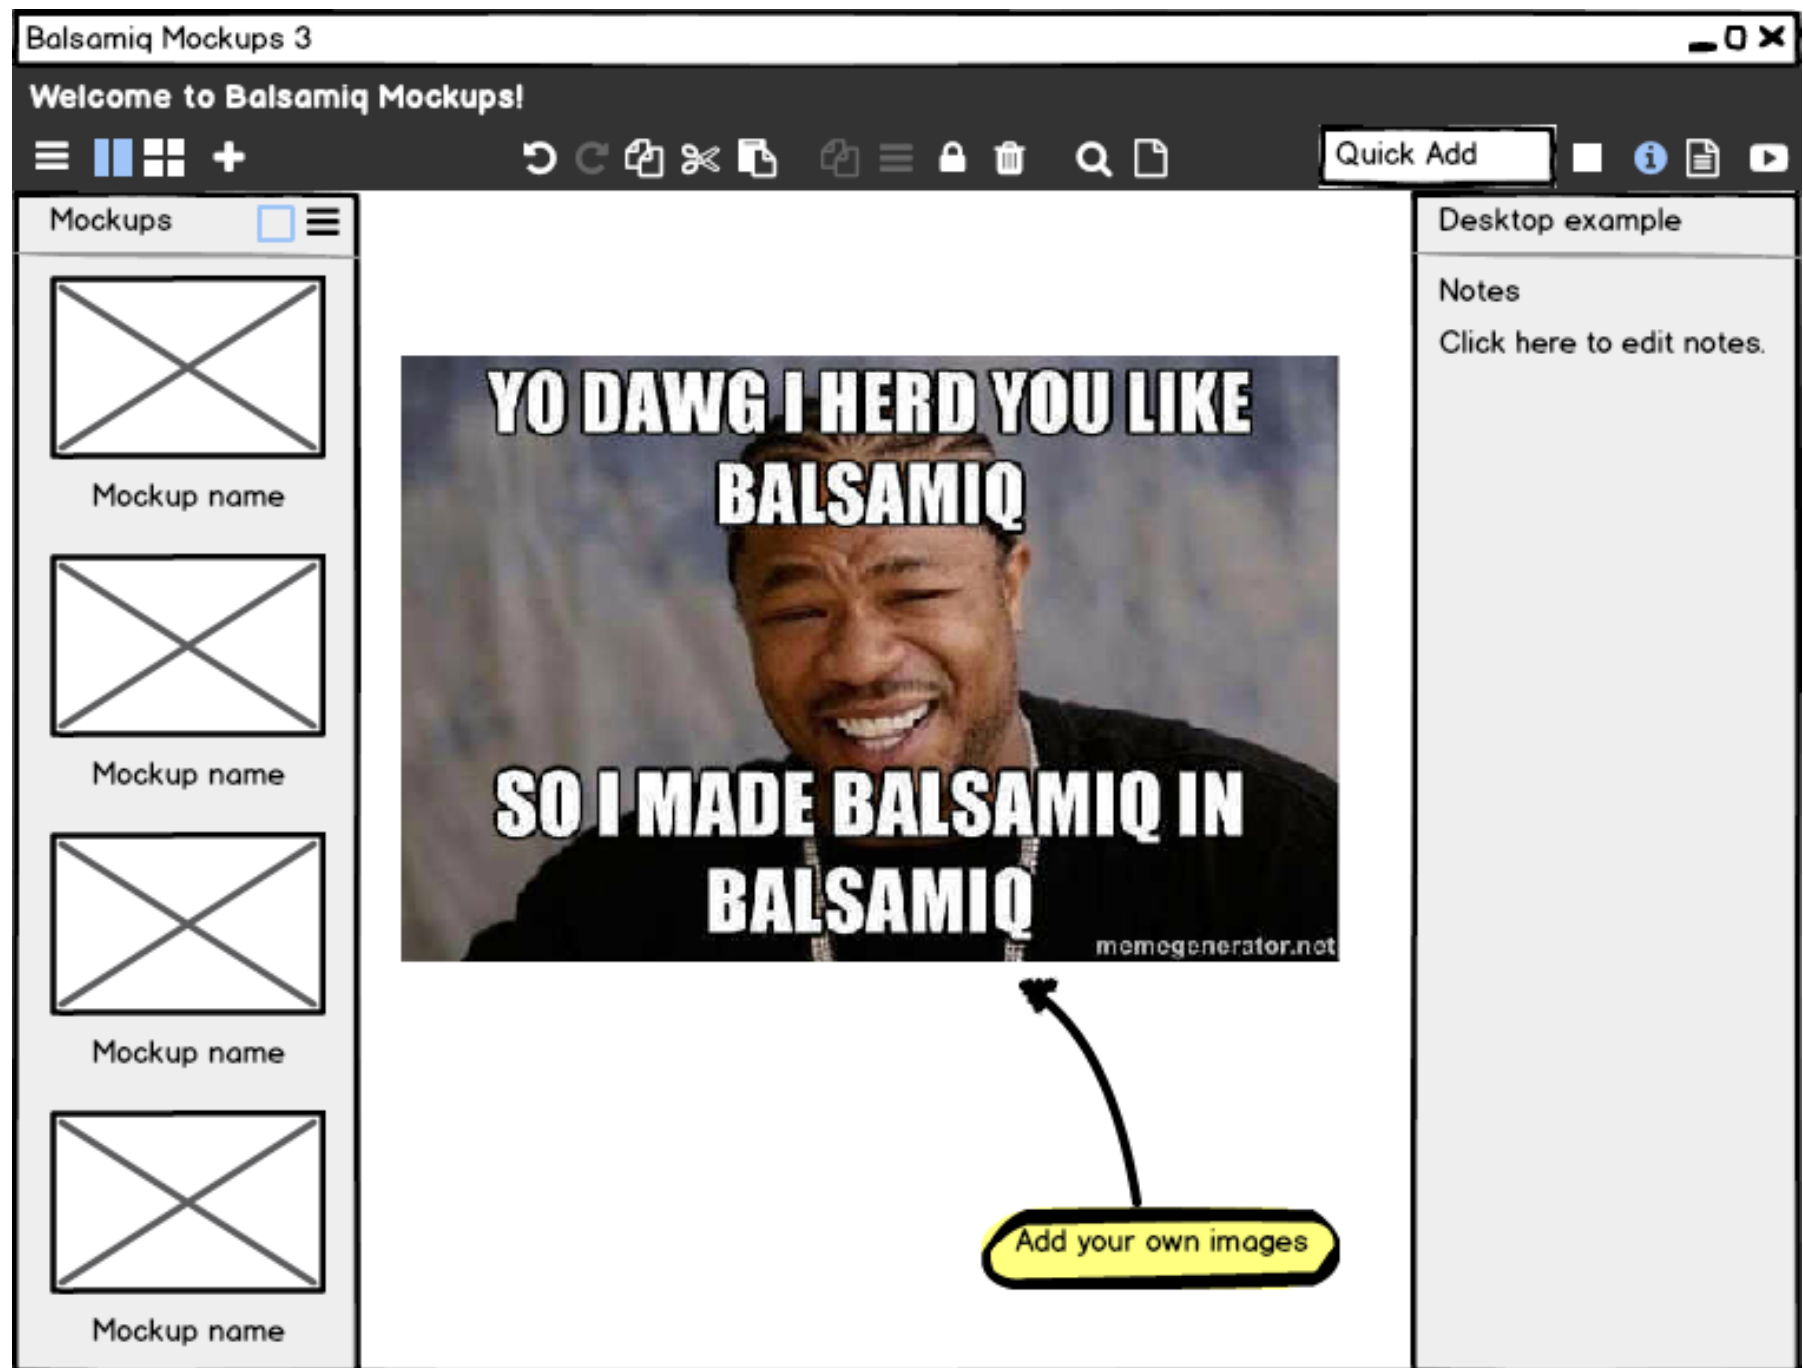

- Click the plus icon to create a new mockup, then double click the name to rename it

5. Select a mockup (shown when the Navigator panel is hidden)

- Navigate to other mockups or rename, delete, or clone the current mockup.

6. Next/Previous mockup (shown when the Navigator panel is hidden)

- Click the up arrow to go to the previous mockup or the down arrow for the next mockup.
